

Leith Academy Music Department Department Values

Our school vision statement is 'Success in Learning for All' as we believe every young person has the right and the ability to achieve when they put the work rate and effort in.

Our School Values are Respect, Diversity, Honesty and Fairness. We work to live and breathe these values every day with our pupils, our staff, our parents and our partners.

The motto of Leith and of our school is Persevere. This sits well with the aspirations we have for young people when we teach them that life will have its challenges; but how we tackle those challenges in a positive way will make a difference in the outcomes you can achieve.

In the Music Department, we have a calm and welcoming work environment and an open-door policy at break, lunchtime and after school where pupils can come for extra support with their classwork/exam practise.

We encourage pupils to take responsibility for their own learning and to be responsible when using our musical instruments and equipment.

WAY TO BE

Be Here

Be Calm

Be Respectful

Be Prepared
