

# United Nations Factfile

Use the information on the webpage attached to produce a UN Factfile.

<https://www.un.org/en/about-un/>

Read the information on this page, most of the information is found here unless it says to click elsewhere.

In your report you should include:

- When and why the UN was founded.
- How many countries originally signed up to the UN? And how many members there are today?
- What kinds of issues the UN tackles today?
- Who is the current Secretary-General of the UN and what does his job involve?
- There are a number of main organs to the UN. Click on the link to them and describe the work of these three: The General Assembly, the Security Council and the International Court of Justice.
