## Online safety

The internet is an amazing place for children to learn, create, have fun, game and communicate with friends, but they may occasionally have to deal with a variety of related challenging issues being Online can bring and there are positive things you as a Parent or Carer can do to equip yourself to support your child or young person if they face such issues.

As a Parent or Carer, there is support there to enhance your children or young persons' safety and security Online, such as the links below, which are very informative, easy to follow and will also open up the opportunity for you to start the discussion about online safety.

Thinkuknow is the online safety education programme from the National Crime Agency (NCA) and their website has home activity packs from the ages of 4yrs to 14+yrs to take support from.
